

COMPTROLLER GENERAL OF THE UNITED STATES WASHINGTON D.C. 20648

B-133046

DECEMBER 19, 1983

To the President of the Senate and the Speaker of the House of Representatives

(GAO-AFMD-84-9)

Subject: Examination of the Senate Building Beauty Shop Financial Statements for the Fiscal Years Ended February 28, 1983 and 1982

pursuant to section 451 of the Legislative Reorganization Act of 1970 (40 U.S.C. 193m-1), we have examined the balance sheets of the Senate Building Beauty Shop as of February 28, 1983 and 1982, and the related statements of income and expense, changes in financial position, and changes in partners' capital accounts for the years then ended. Our examinations were made in accordance with generally accepted government auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the financial statements referred to above present fairly the financial position of the Senate Building Beauty Shop as of February 28, 1983 and 1982, and the results of its operations and changes in financial position for the years then ended, in conformity with generally accepted accounting principles and the financial accounting policies described in note 1 to the financial statements applied on a consistent basis.

Enclosures I and II contain our report on internal accounting controls and compliance with laws and regulations, and our comments on the shop's operations. Enclosures III through VII present the shop's financial statements and accompanying notes for fiscal years 1983 and 1982.

The Legislative Reorganization Act of 1970 requires that the results of our audit be reported to the Congress. Accordingly, copies of this report are being furnished to cognizant congressional committees. A copy is also being sent to the Sergeant at Arms of the Senate, and copies will be made available to Members of Congress and the public.

ENCLOSURE I

REPORT ON INTERNAL ACCOUNTING CONTROLS

AND COMPLIANCE WITH LAWS AND REGULATIONS

We have examined the financial statements of the Senate Building Beauty Shop for the years ended February 28, 1983 and 1982. Our examinations were made in accordance with generally accepted government auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures, including tests of compliance with laws and regulations, as we considered necessary in the circumstances.

The entity is so small that it is not feasible for it to maintain an adequate internal control system. Therefore, we did not perform a study and evaluation of the entity's internal control system for the purpose of determining the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on the entity's financial statements. We concluded that it was more practical to expand our substantive audit tests in examining the fiscal 1983 financial statements.

While we could not make an examination of the entity's internal control system, we did not become aware of any condition during our expanded audit tests which we believe to be a material weakness. In cases where we do make an examination of the internal control system, material weaknesses in the internal control system would not necessarily be disclosed. Accordingly, even in such cases we would not be able to express an opinion on the system taken as a whole.

We reviewed the provisions of applicable laws and regulations to determine the compliance requirements that may have a material impact on the Senate Building Beauty Shop's financial statements for the year ended February 28, 1983. In our opinion the Senate Building Beauty Shop complied with the provisions of applicable laws and regulations that could have materially affected the financial statements.

ENCLOSURE II
